PROFESSIONAL SUMMARY

Motivated and detail-oriented Computer Science Engineering student with strong knowledge in programming, web development, databases, and problem solving. Passionate about building real-world applications and continuously improving technical skills. Seeking opportunities to contribute to innovative projects and gain practical industry experience.

EDUCATION

Cambridge Institute of Technology, Bengaluru

Bachelor of Engineering (B.E.) – Computer Science Engineering

2023 – 2027

TECHNICAL SKILLS

Programming Languages

C, Java, Python, SQL

Web Technologies

HTML5, CSS3, JavaScript

Database Technologies

MongoDB, MySQL

Tools & Platforms

Git, GitHub, VS Code, Jupyter Notebook

Core Concepts

Data Structures, Object-Oriented Programming (OOP),
Database Management Systems (DBMS),
Problem Solving, SDLC

PROJECTS

Voice Assistant for Farmers

Technologies: JavaScript, Web Technologies, Voice Processing, Tamil Language Support

- Developed a voice-enabled assistant to help farmers interact using speech-based commands.
- Integrated Tamil language support to improve accessibility.
- Designed user-friendly features for agricultural assistance and information retrieval.
- Improved usability through simple and responsive interface.

College Event Registration System

Technologies: HTML, CSS, JavaScript, MySQL

- Developed an online event registration platform for students and organizers.
- Implemented registration, event management, and database storage functionalities.
- Designed a responsive interface for seamless user experience.
- Improved data handling and registration efficiency using structured database management.

Food Ordering System

Technologies: Java, MySQL, Web Technologies

- Built a food ordering application with cart and order management features.
- Implemented menu handling and payment-related functionalities.
- Improved user experience through efficient data management.
- Applied backend logic and database integration for order processing.

CERTIFICATIONS

- NPTEL – Joy of Computing Using Python
- Infosys Springboard – Java
- Infosys Springboard – Python
- Infosys Springboard – HTML

ACHIEVEMENTS & ACTIVITIES

- Participated in team-based software engineering projects and technical activities.
- Actively learning AI, Web Development, and Database Technologies.
- Developed mini-projects focused on real-world problem-solving applications.
- Practicing coding and problem-solving using Java and Python.

LANGUAGES

- English
- Tamil
- Kannada

STRENGTHS

- Problem Solving
- Team Collaboration
- Communication Skills
- Quick Learner
- Adaptability
- Analytical Thinking
